## WAF custom rule

The screenshot shows the 'Custom rules' page for the 'DefaultWebAppWafc871920056d84ee8bd0ae724aaa55f96' Front Door WAF policy. The left sidebar is the same as the overview page, but 'Custom rules' is selected. The main content area includes a description of custom rules and a table of existing rules.

Configure a policy with custom-authored rules. Once a rule is matched, the corresponding action defined in the rule is applied to the request. Once such a match is processed, rules with lower priorities are not processed further. A smaller integer value for a rule denotes a higher priority. [Learn more](#)
